Dear Parent/Carer,

Accelerated Reader Quizzes

In order to assess the children's understanding of their school reading book, we encourage them to take an online quiz upon completion of a text. Reading practice quizzes ask questions that measure a child's comprehension of a book. There are 3, 5, 10 or 20 questions in a quiz depending on the length and complexity of the book.

Most - but not all books - have a quiz attached; usually denoted by a green spot on the front cover or a blue label.

Whilst we try and find opportunities within the school day for children to take a quiz, we would like to remind you that children can take these **at home** – and encourage them to do so wherever possible. Please note that, due to licensing restrictions, quizzes can only be accessed from Monday to Friday.

The children have been shown how to access their account but please find a guide on the **reverse of this letter** for your reference. The quiz should be completed without any adult support (i.e. no reading of the questions or answer options).

In your child's journal, you will find a stapled sheet listing books in the stage they are currently on. This is for your reference to see progress and how far off completion they are. Please record their quiz score on this sheet. Free readers will not have a list and should record on the appropriate page in the journal instead.

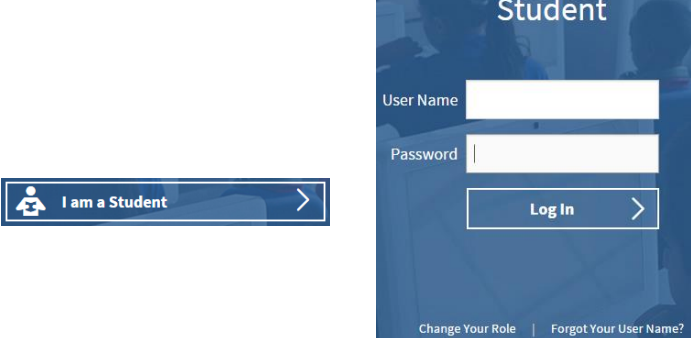

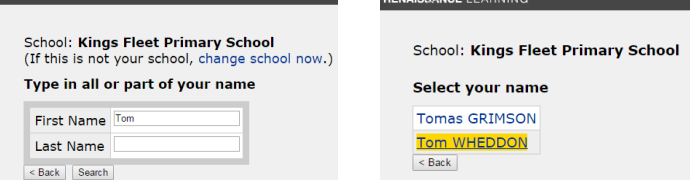

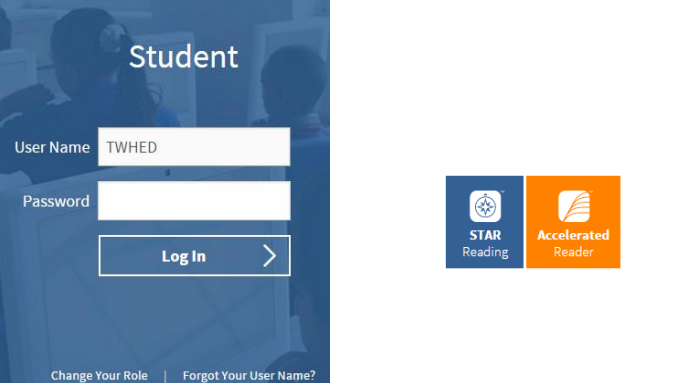

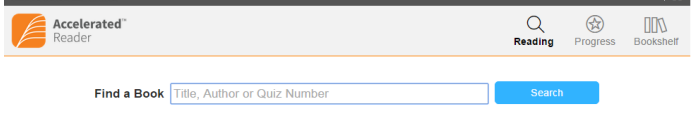

Please do not hesitate to contact me should you have any queries regarding reading, or experience any technical difficulties.

Thank you, in anticipation of your support.
