

Friday 21st April 2017

Dear Parent/Carer,

After School Care

After the success of the breakfast club - and due to demand - Kingsfleet School are looking into the possibility of providing after school care.

This will be run by Miss Sainsbury and Mrs Sheehan as a private venture using school facilities.

It is hoped that this facility will be up and running from September 2017 pending registration from Ofsted.

The club will provide care from 3.30-6pm, Monday to Friday, during term times.
The benefits of having a club on site are:-

- ✓ The children will be able to participate in after school clubs and come directly to us
- ✓ There will be no additional transport cost
- ✓ A familiar environment with staff known to the children

Initially, we need to see if you - as a parent/carer - would consider using the service and for which days the facility would be required.

Please complete the form below and return it to the school office by **Friday 28th April 2017**.

Yours faithfully,

Mrs Sheehan & Miss Sainsbury
