20th April 2017

Dear Parent/Grandparent/Carer

“STEP AHEAD IN MATHS – SUPPORT YOUR CHILDREN” COURSE

Do number lines make you nervous?

Do percentages puzzle you?

Do you want to know more about how the children learn Maths in school and how to support them?

Would you like to improve your own numeracy skills?

Join this course and unscramble the mystery of Maths!

A tutor from Realise Futures Family Learning is coming into school this term to run a free 6 week course for parents on Thursdays from 1 pm to 3.15 pm (excluding the Half Term break). The first session will be on 27th April 2017. There is an opportunity to gain a Maths qualification if you wish, which would extend this to 10 weeks.

If you would like to attend, please complete the slip below and return it to the school office by 26th April, or just turn up on Thursday 27th April. The tutor is flexible about parents arriving a little late or having to leave sessions early to collect children from playgroups etc; please discuss any problems with her.

If you have any additional support needs that you would like us to be made aware of, please telephone Richard Webber on 01473 275922 or email him on Richard.Webber@realisefutures.org. This information will only be disclosed to the tutor.

I hope you can attend the course.

Yours sincerely

Mrs K E Beattie
Headteacher

Please complete and return to the school office no later than 26th April

I would like to attend the Maths course starting on Thursday 27th April.
