

As part of our Science topic '**How does your garden grow**' – where we will be looking at plant growth – I would be **really grateful** if each child could bring in either an old **sock** or **pair of tights (plus any spares, if you wish)** in order for us to make some grass head characters. **The thinner the better** as grass can have trouble poking through thicker materials.

Please send them in as soon as possible – for use during the week commencing **23rd April**.
Thanks in anticipation.

Mr Frost ☺
