Felixstowe Family of Schools

Poetry Recital Competition

In partnership with the Rotary Club, the Felixstowe Family of Schools are proud to be part of the Literacy Festival Celebrations 2017.

A Poetry Recital competition is being held, to hear and see the best performances from each school. Learning poems by heart is a key feature of the new curriculum and this year all children will have, or will be covering this aspect of learning. It is the aim of the organising team that this competition complements the skills that the children have developed and demonstrated.

The organising team have selected a set of poems for each year group. All children will perform their chosen poem to their class, but the competitive element is not compulsory and any child not wishing to take part in the competition just needs to tell their class teacher.
