

EYFS - HEADLICE

Please note that we have had a report of headlice in your child's class yesterday. We would therefore advise you to check your child's hair and carry out treatment if necessary. Your pharmacist or GP will be able to advise you on the current recommended treatment.

PE KIT MISSING - there is a complete, named, PE Kit missing from EYFS. Please could you check that your child has not taken it home by mistake. Thank you.
