Dear Parent/Carer,

Learning Maths through Mini Archery

On Monday 26th February, all children will take part in a 'Learning maths through mini archery' taster day. This event - run by Robin Arrows - will form part of a wider Maths Day. Children will be immersed in mathematics throughout the day - in fun, practical contexts - with the aim, ultimately, of encouraging a long-standing confidence with numbers.

Each class will take part in a session of up to 1 hour.

Robin Arrows may record the children taking part in some activities during the day. Please notify the school if you do not give permission for your child to be recorded.

If the children are interested and enjoy the taster day, there is the possibility that Robin Arrows may be able to start an afterschool club. Robin Arrows will send out a survey after the event.

We are asking for a **voluntary contribution of £1 per child** towards the cost of this taster day.

Thank you, in anticipation of your support.

Thomas Frost
 Key Stage 2 Math Coordinator

Rebecca McCarthy
 Key Stage 1 Maths Coordinator
