**‘Come in your sports gear day’... or non-uniform with trainers.**

**Friday 9 June.**

Our very own Caretaker, Michelle Mitchell, is training for the 100, 200 and 400-metre sprints at this summer's World Transplant Games in Malaga.

Three years ago Michelle underwent a life-saving liver transplant. Since then, her courage and determination saw her achieve a clean-sweep of golds at last year's British Transplant Games and secure a place on the Great British Transplant Team for the 2017 Games.

This is a huge achievement and a great honour: Kingsfleet is incredibly proud of our courageous and talented Caretaker.

Competitors need to raise funds to pay for their kit and travel. Michelle has successfully gained sponsorship through a couple of local companies; but this does not fully cover the cost of kit, travel and accommodation.

In recognition of her achievement and this amazing opportunity, we will be having a ‘Come in your sports gear day’... or non-uniform with trainers on Friday 9 June.

Children are welcome to make a donation to support their Caretaker, but there is no obligation.

**Team Kingsfleet**
