Reading Incentive

You may well have heard about the reading incentive by now....but if not, here is how it works.

The intention of the challenge is to encourage your child/children to read regularly to an adult at home. The target we have set the children is to read to an adult four times in a week, of course reading more than this would be super.

On a Friday morning if they have achieved this they will be put into a draw.

Each week two lucky winners (one from EYFS/Key Stage 1 and one from Key Stage 2) will win a book in Friday's achievement assembly.

.
